CAO LÔI Sub school (Ninh Sơn School)
Primary Student: 170 Teacher: 5
Opening Ceremony of
the new school: 16/11/2017

Kanaoka San's wish is creating educational opportunities for young Vietnamese generations. As being in the hometown of Mr. Kanoka's employees who were working in Japan, Cao Loi sub school was chosen to be the first construction.

Before the project implemented, Cao Loi sub school didn't have a separated campus. The teachers and students had to study inside a temple with minor facilities.

The new school will be on this place!

CSD, Mr. Kanaoka and the authority decided to expand the Cao Loi sub school.

The donors were excited to see students' delighted faces. It was more exciting that, Cao Loi Primary School, Cao Loi Kindergarten and Japanese Bright Kid Kindergarten were connected thanks to the networking with Ms. Mikiko, an AEFA member.

Every year, the three schools will exchange gifts as a symbol of Vietnam-Japan friendship. The students even keep in touch to each other by video call.
